Place Value Matching Cards

Rules

[twinkl.co.uk](https://www.twinkl.co.uk)

- Shuffle the cards and deal 5 cards to each player.
- Place the rest of the cards face down on the table.
- The player on the dealer's left begins by asking any other player for a specific card.
- If the player has a card that matches the request, they must give it to the player who asked for it. The player that won the card takes another turn.
- If the player does not have a matching card, the player who requested the card takes one card from the pile of other cards. If the card chosen matches the card that was requested the player takes another turn.
- When a player collects all the cards in a set, they lay down that set. The winner is the player with most sets at the end of the game.
