Author: Pamela Butchart

Fiction book

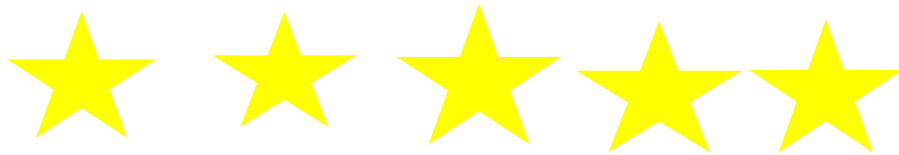

Age rating: 5+ really good book but the wording is difficult.

It's a really fun book about a P.E teacher scratching a child who passes a werewolf disease around .

Title: There's a Werewolf in my Tent

I really enjoyed reading this book because it's funny and enthusiastic. It gives you a lot about their camping trip. I recommend reading this book because I really enjoyed reading it. I've read it 5 times.

Star rating:

The main character is Miss Moon. My favourite character is Jodi because she is amazing and funny.
